

Create a body with a literal text.
Do use any special characters before

Edit <Editer un objet> [Document]

Title (required):
Editer un objet

Body:

Normal [dropdown] [undo] [redo] [bold] [italic] [list] [ul] [link]

test

```
from osv import osv, fields
import pooler

import math
from _common import rounding
```

Clic on 'view' in the admin interface, it's working

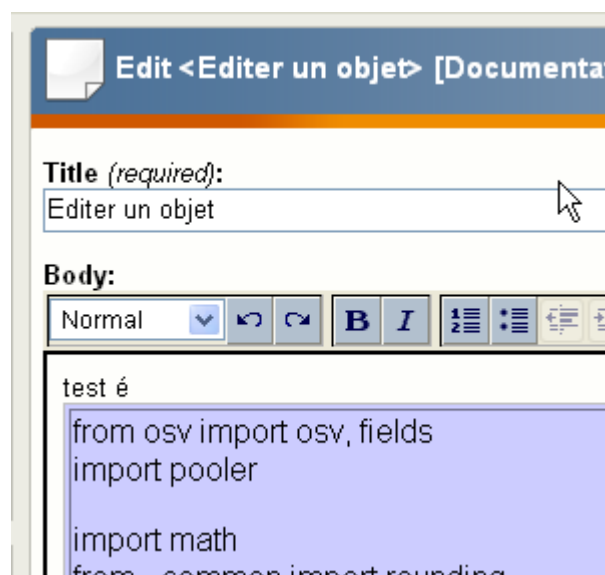

Editer un objet

test

```
from osv import osv, fields
import pooler

import math
from _common import rounding
```

Add a special character such as é

Edit <Editer un objet> [Document]

Title (required):
Editer un objet

Body:

Normal [dropdown] [undo] [redo] [bold] [italic] [list] [ul] [link]

test é

```
from osv import osv, fields
import pooler

import math
from _common import rounding
```

Clic on 'view' in the admin interface, the special character generate an error
